

Would you like to reach out
to 36 million people?

That is the projected growth
of the Hispanic population in
the US by the year 2005...

TAKE SPAN 362!

**Section 2 will taught
in Spokane and Yakima!**

Span 362, section 2 of Spanish for Special Purposes, is going to be taught in Spokane through the WHETS system for Spokane and Yakima's future health professionals who would like to develop their knowledge of Spanish further. This is an intensive course, entirely devoted to the Spanish language and culture as they relate to health, and will prepare you to communicate not only with our increasing Spanish-speaking population, but with people in more than 20 countries all over the world.

Taught by Dr. Sonja Hokanson.
